FCA Canada: 2020 Alfa Romeo Stelvio Fact Sheet

The Next Generation of a Proven Performance Formula: 2020 Alfa Romeo Stelvio

November 18, 2019, Windsor, Ontario - The Alfa Romeo Stelvio sets a new benchmark for performance SUVs with updates for 2020 that keep the driver at the centre, including a new cockpit and additional technology that take a proven performance formula to the next level. Born from the world's greatest driving road – the Stelvio Pass – the 2020 Alfa Romeo Stelvio delivers performance, design and technology in an SUV that could only be Italian. Infused with Italian passion, craftsmanship and innovation, the Alfa Romeo Stelvio is designed to conquer the winding road for which it is named. Crafted by Alfa Romeo artisans at the Cassino plant in Italy, the Stelvio lineup is a testament to Alfa Romeo's perfect balance of engineering and emotion, creating a premium midsize SUV for driving enthusiasts.

New for 2020:

- New standard 8.8-inch centre touchscreen display with improved graphics and state-of-the-art connectivity and additional standard content for the 2020 model year, including:
 - Standard 8.8-inch centre touchscreen display offers driver configurable interactive widgets and horizontal scroll for additional personalization with improved layout, new vehicle performance pages, expanded navigation view and revised graphics
 - Standard 7-inch thin-film transistor (TFT) driver instrument cluster screen includes all-new design, layout and graphics, including upgraded advanced driver-assistance systems (ADAS) functionality and updated vehicle information pages
 - Standard SiriusXM Radio with 12-month subscription
 - Host of new connectivity features: Wi-Fi Hotspot, Mobile App with remote operations, SOS Call (Private) and Roadside Assistance, Vehicle Finder, Stolen Vehicle Locator and Assistance, and select Firmware Over the Air (OTA) updates
- New ADAS, featuring level II autonomy, and additional standard safety and security content for 2020, including:
 - New ADAS features provide high level of automated driving for optimized balance between driver and machine, including:
 - Highway assist system
 - Traffic jam assist system
 - Traffic sign recognition
 - Lane Keep Assist
 - Active Blind Spot Assist
 - Traffic sign recognition
 - Driver attention alert
 - Standard Full-speed Forward Collision Warning-Plus
- Enhanced interior with revised centre console, steering wheels, and controls, including:
 - New centre console that features leather-wrapped gear shifter with bright accents, premium rotary knobs and dial materials, increased storage capacity and available wireless mobile phone charging pad
 - New steering wheel designs for Stelvio and Stelvio Quadrifoglio models include improved material and bezel finishes adding distinctive style
- Exterior enhancements, including painted exterior body kits, and additional exterior colours:
 - New available body-colour appearance kit adds fender flares, side sills and rear fascia finished in exterior body-colour (standard on Sport, Ti, Ti Sport, Ti Sport Carbon, Ti Lusso)

- New available Dark Miron appearance kit adds fender flares, side sills and rear fascia finished in Dark Miron (available on Sport, Ti Sport, Ti Sport Carbon)
- New available exterior carbon fibre package adds carbon fibre V Scudetto grille, carbon fibre mirror caps, and Dark Miron badging
- Two new metallic exterior colour options: Anodized Blue Metallic and Lunare White Metallic

Highlights:

- All Stelvio SUVs are well equipped with standard leather seating, Apple CarPlay, Android Auto, SiriusXM Radio with 12-month subscription, keyless passive entry, heated front seats, heated steering wheel, remote start, bi-xenon headlamps with LED Daytime Running Lights and LED taillights, Alfa DNA Drive Mode selector, backup camera with rear park sensors and Full-speed Forward Collision Warning-Plus
- The sports car of its segment, all Stelvio models feature near perfect 50/50 weight distribution and class-leading power and performance with key race-inspired features, including a class-exclusive carbon-fibre driveshaft, flat-bottom Formula One-inspired steering wheel, Alfa DNA Drive Mode selector, and an eight-speed automatic transmission with available steering column-mounted aluminum paddle shifters with gear shifts in less than 100 milliseconds
- Stelvio and Stelvio Ti feature an all-aluminum, 2.0-litre, direct-injection turbocharged engine delivering a class-leading, standard 280 horsepower and 306 lb.-ft. of torque, allowing it to launch from 0 to 96 kilometres per hour (km/h) (0 to 60 miles per hour (mph)) in 5.4 seconds and achieve a top speed of 232 km/h
- Stelvio Quadrifoglio continues to highlight Alfa Romeo's performance expertise with best-in-class V-6 505 horsepower and best-in-class V-6 torque from its Ferrari-derived twin-turbocharged V-6 engine, powering it from 0-96 km/h (0-60 mph) in a best-in-class 3.6 seconds with a top speed of 285 km/h
- State-of-the-art technologies, including a torque vectoring rear differential, Alfa DNA Pro Drive Mode selector with Race Mode, the most direct steering available and all-aluminum column-mounted paddle shifters maximize the driving experience in the Stelvio Quadrifoglio
- Paired with Alfa Romeo's most powerful production engine ever – the innovative Q4 all-wheel-drive (AWD) system in the Stelvio Quadrifoglio takes premium midsize SUV performance to new heights
- The performance-inspired Stelvio Quadrifoglio also benefits from unique design features, including standard anodized brake calipers with red Alfa Romeo script and signature 20-inch bright five-hole forged aluminum wheel
- Stelvio Quadrifoglio lapped Nürburgring in record 7 minutes 51.7 seconds, making it the fastest production SUV available in the North America
- Standard Apple CarPlay, Android Auto and SiriusXM Radio with complimentary 12-month subscription across all Stelvio trims
