"The 2023 Ram 1500 sets the standard for luxury pickup trucks again this year. It is hard to find a better combination of functionality and luxury in a pickup truck," said Michael Satterfield, president Texas Motor Press Association. "The Jeep Wrangler has always been a leader in off-road, and the new 4xe continues that trend of blazing trails by offering a plug-in hybrid in one of the most off-road capable vehicles ever made. It can tackle any trail, but still offer enough electric range to cover most people's daily commuting. It's the best of both worlds."
