Built as the first Texas Trail edition on the new 2024 Jeep Gladiator and based on the Gladiator Sport S trim, the Texas Trail is launching exclusively for the state of Texas, delivering personalized content for a distinct appearance combined with legendary Jeep 4x4 capability.

"The Jeep brand fully appreciates that Texas is the largest Gladiator market in America in addition to being the country's largest truck market," said Bill Pepper, senior vice president and head of Jeep brand North America. "Gladiator special editions allow us to connect with our passionate customers, and this newest special edition builds on the success of the previous Gladiator Texas Trail, which was the fastest selling Gladiator model in Texas last year, selling nearly three times faster than the average Gladiator."

The 2024 Jeep Gladiator Texas Trail is available now for order in the state of Texas and will start arriving in dealerships in May with a starting MSRP of \$48,090 (all prices exclude \$1,895 destination).
