Dodge ZEO Concept

November 26, 2007, Auburn Hills, Mich. - The Dodge ZEO Concept is a four-passenger, 2+2 sport wagon that embraces the bold, expressive look of the Dodge brand, exhibiting a new, youthful breed of muscle car for the 21st century. Built for driving enthusiasts, it features an electric-only propulsion system with a lithium-ion battery pack capable of at least 250 miles. Unlike other such vehicles, the Dodge ZEO Concept is a four-door, four-passenger model that delivers function as well as environmental responsibility.
